

Dear business friend,

the entire team of Whitepeaks Dental Solutions wants to thank you for a successful year 2020.

We wish you, your families and friends a wonderful Christmas and are looking forward to our cooperation in 2021.

Following an old tradition we forego Christmas presents and instead donated 200 units of educational material for new future perspectives via World Vision.

We have also increased the number of sponsorships from 12 to 15 children.

## WE DONATE LEARNING MATERIALS! again

Education opens up perspectives.

Get out of the impasse: Without education, a child in developing countries has little chance of overcoming poverty. Often the basic prerequisites are lacking for children to go to school and take part in lessons.

With this donation of 4.000 EUR, 200 children will receive learning materials containing pens, erasers, books, bags and school-uniforms and are enabled to develop a perspective for life.

Donation Certificate

### 200 Units of Educational Material

**Education opens up perspectives.**  
Without education, a child in a developing country doesn't stand a chance to break free from poverty. Usually, not even the basic needs for visiting a school and attending class are given. Thanks to the donation of 4000 €, children will receive exercise books, pens, erasers, books, bags or 3.000 €-uniforms and are enabled to develop a perspective for life.
